### Competitions on road safety awareness

Each year thousands lose their lives and over a million persons are injured on the roads due to accidents. Most of them are avoidable and prevent them could have been avoided.  
To create an awareness in children, Linemen Council of Lanes District 324 A has joined hands with Mukti in organising a 10-day program of Competitions on Road Safety.  
Competitions will be conducted at Moonakshi College for Women, Alwar Road, Kankarai, on Friday, February 10. The program is aimed at school and college students. The highlights include Skit and Drama Display, computerized quiz, and Model Display competitions for school students. The program will take place between 9.30 a.m. to 4.00 p.m. Special prizes will be given to the winners. For participation details, schools and colleges may contact: Linemen Council Nagarajan over phone 2489 0797, 2441115964.

## ◆ Note From the Chairperson

**Ms Meena Dadha**

Founder & Chairperson  
Mukti M.S. Dadha Foundation

“Reflecting on my journey, the seeds of Mukti were sown during my visit to the Rajasthan Youth Association's limb camp in 1984. Witnessing individuals crawling or being carried by others was a poignant moment that spurred me to take action. Today, Mukti has empowered around 4 lakh individuals to walk independently, bringing happiness to as many families.”

At the outset, I express my profound gratitude to the esteemed trustees, committee members, donors, patrons, well-wishers, and all those who have been instrumental in supporting our mission. Your unwavering commitment has allowed us to sustain the same fervor and momentum that marked our inception.

Reconnecting with each one of you brings a sense of fulfillment. I am honored to continue leading Mukti, dedicated to serving the physically challenged community. Reflecting on my journey, the seeds of Mukti were sown during my visit to the Rajasthan Youth Association's limb camp in 1984. Witnessing individuals crawling or being carried by others was a poignant moment that spurred me to take action. Today, Mukti has empowered around 4 lakh individuals to walk independently, bringing happiness to as many families.

Being part of this transformative process, with your steadfast support, has been immensely gratifying. While acknowledging the distance we have yet to traverse, our journey has been marked by progress. We are actively exploring new avenues and expanding our reach globally to touch the lives of disabled individuals in every corner of the world. To see a person fitted with a Mukti limb, become a bread earner to support his family, it is happiness. To see a mother feed her child, it is happiness. To see a child playing at the school playground, it is happiness.

Hearteningly, many corporate and multinational companies have embraced a commendable practice of employing physically challenged individuals based on their skills, devoid of any discrimination. As we embark on this collective journey, let us join hands to make our world a more inclusive and supportive place for the physically challenged. Together, we can make a meaningful impact and create a brighter future for all.

**OUR DEDICATED STAFF  
WHO MAKE THIS HAPPEN**

## ◆ Highlight of Mukti's Accomplishments

1. Conducted a pioneering seminar on Job Opportunities for Physically Challenged Individuals in 1995.
2. Organized impactful traffic awareness programs in 1994 and 1997.
3. Undertook a monumental MahaYatra with Physically Challenged Persons, traveling from Chennai to Delhi by road in 1999, culminating in a reception by Ms. Sonia Gandhi.
4. Pioneered the initiation of sports meets for the physically challenged since 1998, becoming the first to host such events in Chennai.
5. Hosted a successful Job Fair for the physically challenged in 2008.
6. Facilitated enriching cultural events involving Physically Challenged persons.
7. Constructed vital toilets in Pondicherry in 2006 to enhance accessibility.
8. Conducted multiple art camps, fostering creativity among the physically challenged.
9. Acknowledged with three State awards from the Tamil Nadu Government for outstanding social work service.
10. Implemented numerous health camps, including dental and diabetic camps, in both Chennai and Pondicherry.
11. Provided Vocational Training to Physically Challenged individuals completely free of cost, promoting skill development and empowerment.

## ◆ ◆ About Mukti

Since its establishment in 1986, Mukti has been steadfast in its commitment to the welfare of the physically challenged. Over the years, the organization has played a pivotal role in providing invaluable assistance to countless individuals—men and women, young and old—facing mobility challenges due to amputation, polio, accidents, or other medical conditions.

Mukti specializes in offering tailored, lightweight, and comfortable artificial limbs and calipers, empowering individuals to move freely and engage in activities such as riding a bicycle, driving, working in wet fields, education etc., The quality and durability of the artificial limbs and calipers provided by Mukti stand at par with the best globally.

Diligently working towards its mission, Mukti has established an exclusive manufacturing facility dedicated to producing top-quality, lightweight artificial limbs on a consistent basis. A dedicated team of doctors and prosthetists carefully examines each patient, assessing tissue damage to prescribe customized artificial limbs, crafted according to the specific leg size of every individual.

Under the leadership of Ms. Meena Dadha, Mukti's foundation is supported by a committee of like-minded individuals and generous donors. The organization's impact extends beyond India, reaching orthopedically challenged persons in various countries.

## ◆ ◆ Core Objectives

- **Free Provision of Artificial Limbs and Calipers:**  
Mukti is committed to providing artificial limbs and calipers to orthopedically challenged, polio-affected, and amputees free of cost.
- **Vocational Training and Career Guidance:**  
Mukti aims to empower the physically challenged and underprivileged by offering vocational training and career guidance, facilitating a dignified life with purpose.
- **Public Awareness and Sensitization:**  
Through seminars, camps, and awareness programs, Mukti strives to sensitize the public about the needs of the physically challenged, fostering an inclusive society that accommodates and supports them.
- **Facilitating Normal Schooling Opportunities:**  
Mukti works towards ensuring normal schooling opportunities for physically challenged children, enabling seamless integration into society and encouraging their active participation in community development.

## ◆◆ International Day of Persons with Disabilities - IDPD 2023

On December 3, 2023, we commemorated the **International Day of Disabled Persons** at our facility. This significant day was officially proclaimed in 1992 by the United Nations. The observance of this day is dedicated to fostering an understanding of disability issues and rallying support for the dignity, rights, and well-being of persons with disabilities. Additionally, it endeavors to raise awareness about the myriad benefits derived from the integration of individuals with disabilities into all facets of political, social, economic, and

cultural life.

## ◆◆ Research Evaluation of Our Artificial Limbs

Our artificial limbs have undergone thorough examination by expert teams hailing from prestigious institutions, including Stanford University (UK), MIT (USA), and IIT Madras. The focus of their study encompassed the structural stability, customized design, and the quality of materials employed in our artificial limbs. The team also delved into an in-depth analysis of the technology integral to our manufacturing process.

Upon thorough scrutiny, the research team members unequivocally expressed their confidence in the quality of the artificial limbs we offer, all provided entirely **FREE OF COST** to those with orthopedic challenges. Their official certification attests that the quality of our limbs is comparable to the best global standards. Furthermore, the certification extends to the comfort, functionality, and adaptability of our artificial limbs, emphasizing their suitability for the diverse conditions in the Indian environment. This recognition reaffirms our dedication to delivering high-caliber solutions aligned with international benchmarks.

“Every visit to Mukti is life changing as I could see someone happily moving with artificial limbs and few others eagerly waiting for their turn. Mukti is spreading smiles in true sense to countless physically challenged people with outstanding dedication continuously for many years. I wish Mukti many more years of service.”

**Dr. Kevin Murray**  
**Professor, Glasgow University, UK**

“I have had such an enjoyable week here where I have learned so many new skills. I am amazed with the set up and resourcefulness of the team here. And thank you for the brilliant hospitality.”

**- Laura Grickshank**  
**Strathclyde University**  
**Scotland, UK**

“My visit to Mukti exposed me the amazing world of Prosthetics and how it helps people get back to their feet and lead a normal life. I was so amazed to see how artificial limbs are made in world class quality and given absolutely **FREE OF COST** to the needy consistently for so many years. I assure you that I would spread the word about Mukti as much as I can.”

**Dr. Chandra**  
**Professor, Dept of Chemistry, IIT Madras**

## ◆ ◆ **Limb Camps Organized by Mukti**

Mukti consistently undertakes the organization of Limb Camps, providing artificial limbs to amputees as a regular and impactful initiative. These camps have been conducted across diverse locations, spanning from Kanyakumari to the Kashmir Valley. Working in collaboration with various sponsors and associated organizations, Mukti has successfully fitted artificial limbs, including hands and legs, to amputees identified at these locations. Our commitment extends to mobilizing dedicated teams, securing funds, and coordinating facilities to conduct Limb Camps at multiple locations, reaching out to disabled individuals and transforming their lives. In the current year alone, Mukti has fitted artificial limbs for over 20,000 amputees.

Mukti is open to organizing Limb Camps globally, provided organizers meet specific feasibility criteria.

## ◆ ◆ **CAMPS ORGANIZED IN VARIOUS STATES OF INDIA**

This year, Limb Camps were organized in the following locations:

Chennai, Puducherry, Nagapattinam, Kancheepuram, Ulundurpet, Salem, Virudhachalam, different parts of Kerala, Maharashtra, etc.

## ◆ ◆ **OVERSEAS LIMB CAMPS**

In response to requests from Rotary International and other organizations, Mukti has conducted Limb Camps in the following countries:

**Malawi**

**West Indies**

**Russia**

**Ghana**

**Mexico**

**Gautemala**

**Venezuela**

**Brazil**

**Nigeria**

**Nepal**

These camps mark the achievement of conducting Limb Camps on seven continents, including Asia, Africa, Europe, Australia, North America, and South America.

## ◆ ◆ **REGULAR LIMB CAMPS**

Beyond the aforementioned efforts, Mukti regularly organizes camps throughout South India in response to requests from sponsors across various locations. The camps are strategically located for accessibility to all amputees. Our adept team of technicians and doctors is fully equipped to organize camps worldwide.

## ◆ Road Safety Awareness Program

Recognizing road accidents as a significant cause of disability, especially among those fitted with artificial limbs by Mukti, we have initiated 'Road Safety Awareness Programs' in select schools. Our aim is to educate children on road safety, fostering a positive road safety culture among all stakeholders and empowering them to prevent accidents and promote a safer environment.

**Road Safety program is not about instilling safe driving practices among individuals; rather it is a program about cultivating a positive road safety culture among everyone concerned. It is about creating and nurturing a culture of responsible driving, safe road crossing practices, following traffic rules diligently and understanding traffic signs properly. Our programs are designed to create a positive road safety culture for all to ensure accidents are prevented.**

## ◆ Toilet Construction in Pondicherry

Upon inaugurating our new facility in Pondicherry, we were elated at the prospect of extending assistance to orthopedically challenged individuals in the region. However, our jubilation turned to concern as we observed people resorting to open defecation near our Pondy facility due to the lack of accessible toilets in the vicinity. This prompted us to inquire further, revealing that many residents in the locality lacked proper toilet facilities.

Recognizing the urgency of addressing this basic need, we took proactive steps by identifying and constructing toilets for 100 small dwellings in the Kottakupam area. This unscheduled project aimed to provide essential sanitation facilities to these families, contributing to improved hygiene and quality of life. While this initiative wasn't initially part of our agenda, we viewed it as a humanitarian effort to meet the dire needs of the local population.

## ◆ Job Opportunities and Placements for the Physically Challenged

While we recognize the significance of providing artificial limbs to enhance the mobility of amputees, we acknowledge that their true transformative journey commences when they secure meaningful employment. Therefore, we are committed to ensuring that beneficiaries of Mukti's artificial limbs are not only equipped with the necessary mobility aids but also connected with job opportunities aligned with their skills and educational backgrounds.

Our efforts extend beyond merely educating them about job opportunities facilitated by the government, assisting them in obtaining a 'disability card,' and fulfilling other required formalities. We actively collaborate with our donors and well-wishers to facilitate employment opportunities and even support those eligible to establish small shops or engage in

self-employment ventures. This multifaceted approach aims to empower them to lead lives of dignity, acknowledging the physical and mental challenges that accompany the loss of a limb. Additionally, we offer a diverse range of vocational training programs to further enhance their skills and sustain their livelihoods.

For those seeking employment, Mukti provides a platform to register, while individuals or organizations ready to offer jobs can also register with Mukti. This reciprocal arrangement ensures mutual benefit for both parties, fostering a supportive ecosystem that enables the physically challenged to overcome obstacles and thrive in the workforce. <http://www.muktiindia.org/>

## ◆ Vocational Training for Empowerment

The loss of a limb can be an emotionally challenging experience, often leaving individuals feeling helpless and disheartened, making it difficult for them to lead a normal life. Recognizing these challenges, we have instituted job-oriented vocational training programs to empower the physically challenged and those from underprivileged backgrounds, enabling them to live a life of dignity.

In 2017, we established the **SHOHAM Vocational Training Centre** to specifically cater to the needs of the physically challenged, school dropouts, and individuals from economically weaker sections. The primary objective is to equip them with the skills necessary to secure employment or pursue self-employment opportunities.

Our center offers the following courses, provided completely **FREE OF COST**:

- Basic Computer Training
- AC Technician Course
- Electrical Course
- Screen Printing
- Plumbing Course

Through these courses, we aim to uplift and empower individuals, ensuring they acquire practical skills that can lead to sustainable employment or successful ventures in self-employment, ultimately fostering independence and a sense of accomplishment.

## Programs

At Mukti, our mission extends beyond providing physical aid to the physically challenged; we believe in aligning them with mainstream society through engaging cultural and sports activities. Over the years, we have organized various sports and cultural events, including fun games, that foster a sense of camaraderie and inclusivity.

### CULTURAL PROGRAMS

Recognizing the creative and artistic talents within the orthopedically challenged community, we conduct periodic cultural programs. These events provide a stage for individuals to showcase their singing, dancing, and other cultural talents, earning the appreciation they rightfully deserve. Beyond creative satisfaction, these programs significantly boost their self-esteem.

### SPORTS ACTIVITIES

At Mukti, we firmly believe that orthopedic challenges should never hinder one's sporting spirit. Therefore, we organize annual sports activities for the physically challenged, encouraging them to unleash their skills and competence in various sports. By tailoring the activities to participants' interests and abilities, we aim to nurture a love for sports and promote physical well-being.

## Book Release

### DIRECTORY OF SCHOOLS AND COLLEGES FOR THE PHYSICALLY CHALLENGED:

Mukti has taken a significant step in supporting the education of physically challenged students by releasing a comprehensive directory highlighting schools and colleges accommodating them. This directory serves as a valuable resource, guiding students toward educational institutions that cater to their specific needs, thus avoiding disappointments. Currently, we are in the process of compiling a comprehensive list of facilities and service providers, both governmental and non-governmental, willing to support the physically challenged.

### SOUTHERN AXIS

In collaboration with PrakritArts, Mukti has brought forth a book titled 'Southern Axis,' focusing on contemporary art in Southern India. This publication delves into the ideological and historical influences that have shaped contemporary art in the region. The book is available for purchase at Mukti, with proceeds contributing to providing artificial limbs and calipers to amputees and polio-affected individuals, respectively.

## ◆ Foot & Mouth Artist and Tribal Art Camp

### Foot and Mouth Artist

In an inspiring discovery, we encountered an artist who defied physical limitations, using both foot and mouth to hold the brush and create breathtaking paintings. To share this unique skill and empower others, we organized a specialized training program conducted by the artist himself. The training program aimed to assist individuals interested in creating art using their foot and mouth. Through this initiative, the foot and mouth artist found a way to

earn a sustainable income, showcasing the transformative power of art.

### Tribal Art Camp

Upon organizing camps in remote villages, we encountered numerous tribal artists grappling with abject poverty. To uplift these communities, we embarked on a mission to promote Tribal Art as a means to secure a decent income for the tribal artists. Recognizing the unique and metaphorical nature of tribal arts, we conducted a Tribal Art Camp at Lalit Kala Academy, Chennai, as a means to provide them with a platform to showcase their painting skills through captivating demonstrations. The artworks created during the camp were made available for sale, with the proceeds directed back to the tribal artists. This initiative not only helped these artists gain recognition but also enabled the tribal artists to earn a substantial income, fostering financial stability within the community.

## ◆ Internship @ Mukti

In the current years, Mukti has had the privilege of hosting interns from various esteemed universities and colleges, fostering a dynamic exchange of knowledge and skills.

The participating institutions include:

- Columbia University, USA
- Massachusetts Institute of Technology, USA
- University of Strathclyde, Scotland
- Flame University, Pune
- Indian Institute of Technology, Madras
- Ishwar Institute of Prosthetics and Orthotics (IIPO), Chennai
- Dr MGR College and University, Chennai
- SRM College and University, Chennai
- Santhosh Medical College, Chennai
- Savitha Medical College, Chennai
- SSN College of Engineering, Chennai

Mukti extends an invitation to other colleges and educational institutions interested in providing their students with a transformative internship experience. Institutions willing to collaborate are encouraged to contact us through our official email at [muktiindia@gmail.com](mailto:muktiindia@gmail.com).

## ◆ Future Activities

In addition to our regular activities of providing artificial limbs and calipers to the amputees and polio affected individuals, Mukti has outlined the following as the future action plans.

- 10 Camps in India
- 10 Camps in Chennai
- Annual Day Celebration
- Foot and Mouth Art Show
- Awareness Campaign in Villages about maintaining cleanliness and ensure our Mother Earth remains clean

## Success Stories

**Mr Anand**

Leading a Life of Dignity for 39 Years I am Mr. Anand, Mukti's first beneficiary, leading a life of dignity for the past 39 years after the fitting of my artificial leg. My life took a drastic turn after losing my leg in an accident, and I faced neglect and isolation from my family and social circles. The burden became so overwhelming that I contemplated suicide. However, Mukti became the turning point in my life. With the support of Mukti, I not only started enjoying a normal life but also regained my sense of purpose. Now, at the age of 78, I am living a happy and healthy life, free from the burden that once defined me. My artificial limb, provided by Mukti, remains sturdy and highly functional even after 39 years of use. Today, I am not just a survivor; I am an asset to my family, and I owe my longevity and happiness to Mukti.

**Mr Anwar Ali**

Electrical Contractor My name is Anwar Ali, and I was once an electrician until an accident in 2004 led to the amputation of my leg. Life became unbearable as I grappled with physical pain and the challenges of providing for my family without a regular income. Mukti played a crucial role in helping me regain normalcy, providing an artificial limb that allowed me to resume my work with enthusiasm. Today, I am not only an electrical contractor but also run a successful construction company. My family is content, with my wife managing the household, and my children attending an international residential school. I am profoundly thankful to Mukti for enabling me to lead a successful and dignified life. "Thank you" seems insufficient for the support they provided, but it is my way of expressing deep gratitude. The functional artificial limb they provided has been a crucial part of my growth for the past 19 years. Mukti, I am proud to be one of your many beneficiaries.

**Master Sanjay**

Empowered for a Bright Future My name is Sanjay's father, and I would like to express my heartfelt gratitude to Mukti. Sanjay, a hip-level amputee due to a birth defect, was dependent on me until we came to Mukti. Through another organization, we reached out to Mukti, where they provided a well-crafted, high-tech prosthetic limb for Sanjay. The fitment was impeccable, and now, at the age of 9, he can comfortably attend school and perform everyday tasks independently. As the sole breadwinner driving an auto for a living with two other daughters, I couldn't afford an artificial limb for Sanjay. Thanks to Mukti, I witness my son walking confidently and doing things on his own. My sincere thanks to Mukti for making a significant difference in Sanjay's life and our family's well-being.

## ◆ Artificial Limb Camps - How and Why?

Mukti is open to organize limb camps at any location across the globe, provided the organizers meet the following feasibility factors.

### **Organiser's / Sponsor's Responsibilities**

- Mobilizing a minimum number of 80 and many more persons are required to organize a camp
- Arranging a feasible venue for conducting the camp
- Provide the fixed sponsorship amount

### **Mukti's Responsibilities**

- Bringing our team of prosthetist and technicians to the venue
- Providing artificial limbs and calipers to all eligible persons after due assessment.

## ◆ How Can You Support?

Since our inception in 1986, Mukti, a service project of M S Dadha Foundation (Registered Charitable Trust), has been dedicated to the noble cause of providing "freedom from pain and misery" to orthopedically challenged individuals. We achieve this by offering free artificial limbs, calipers, and vocational training to empower them for self-reliance in their daily lives.

### **SUPPORT MUKTI - GIVE THE GIFT OF MOBILITY**

Your generous support can make a lasting impact on the lives of orthopedically challenged individuals. Consider sponsoring Limbs/Calipers for a year, providing freedom of movement to those in need. Choose the date that holds special significance for you, whether it's an anniversary or a birthday, and we will deliver the Multi Limb/Caliper to the beneficiary on that memorable day.

#### **Sponsorship Options:**

- **Mukti Leg - Rs. 5,000 Each**
- **Mukti Hand - Rs. 15,000 Each**
- **Mukti Caliper - Rs. 3,500 Each**

Alternatively, contribute to the Mukti Corpus Fund and establish an endowment to sponsor Mukti Limbs/Calipers for 10 years. This unique opportunity allows you to celebrate anniversaries or birthdays of your loved ones by providing limbs/calipers to beneficiaries on chosen dates over the next decade.

#### **Mukti Corpus Fund Endowment Options:**

- **Mukti Leg - Rs. 50,000**
- **Mukti Hand - Rs. 1,50,000**
- **Mukti Caliper - Rs. 35,000**

Your contribution towards an endowment ensures that artificial limbs/calipers will be donated on the specified date of your choice for the next 10 years. It's a meaningful and impactful way to mark special occasions while bringing lasting change to the lives of those who need it most.

To support Mukti and make a difference, please contact:

**M.S. Dadha Foundation**

No.1, Station Road, Meenambakkam, Chennai - 600 027.

Ph: 044-2234 6973 / 91503 26202. Email: [muktiindia@gmail.com](mailto:muktiindia@gmail.com) / [www.muktiindia.com](http://www.muktiindia.com)

Thank you for being a beacon of hope and mobility for the orthopedically challenged. Your generosity transforms lives.

◆ **Shoham**

Provide scholarships for computer education, electrical maintenance, plumbing, and AC mechanics training by sponsoring a student for Rs. 5000/-. After basic computer education, AM Jain College has offered scholarship and training for a Certificate in Microsoft 360 to meritorious students.

◆ **Snehdhara**

**Snehdhara**, a compassionate initiative by M.S. Dadha Foundation, extends palliative care support to cancer patients. Additionally, we are assisting Mahaveer Aashray, a home providing palliative care located in Sriperumbudur by providing few appliances, furnitures and other requirements.

- You can sponsor Rs. 7000 for the life-long care of palliative care of cancer patient
- Volunteer to entertain patients with stories, motivational speeches, or movies once a month.

Donations can be drawn in favour of:

**M.S. Dadha Foundation**

Current Account Number: 50100633079225

HDFC Bank, East Abiramapuram Branch / IFSC - HDFC0009101.

Branch Code: 9109 / MICR Code: 600240119

All donations are exempted under Section 80G of the Income Tax Act.

All contributions are also eligible as CSR contribution

Your generosity will make a significant impact on the lives of those in need. Together, let's continue to provide freedom, dignity, and hope to those facing physical challenges.

**Thank you for making a difference!**

## ◆ Experience Transformation - Visit Our Chennai Facility

Embark on a transformative journey by visiting our Mukti facility in Chennai and witnessing the miracles unfold before your eyes. We extend a warm invitation to everyone, including school and college students, to engage in an eye-opening experience that will deepen your understanding of the challenges faced by physically challenged individuals on a daily basis.

### Key Highlights of the Visit:

**Miracles Unveiled:** See first-hand the impact of our work as we provide artificial limbs and calipers, transforming lives and restoring mobility.

**Awareness Building:** For school and college students, the visit offers a unique opportunity to gain insights into the lives of the physically challenged. Witnessing their challenges can foster empathy and understanding.

**Advocacy for Change:** Learn how you can contribute to creating a more inclusive society by treating physically challenged individuals with kindness and compassion. Take this knowledge back to your communities to inspire positive change.

### Visit Details:

By paying a visit to Mukti, you become an advocate for change and a witness to the transformative power of compassion. To schedule your visit or for further inquiries, please contact us at:

**Ph: 044-2234 6973 / 91503 26202 / Email: [muktiindia@gmail.com](mailto:muktiindia@gmail.com)**

Join us in making a difference, one visit at a time. Your presence can create awareness and inspire positive actions in the community.

### **Our Services**

One stop solution for all your renewable needs

#### **Distributed Solar**

Systems can provide power during extreme weather or other emergencies.

#### **Solar Farm**

Solar systems are utilised in farms to create and store electricity in batteries.

#### **Wind Farm**

Wind power stations are groups of wind turbines used to generate electricity.

#### **Energy Storage**

Storage options include batteries, thermal or mechanical systems.

**Hear what people say about us**

“ Our solar needs were fulfilled by Aditya Energy. The staff helped with property purchase, site approval, and solar panels. ”

“ We are thrilled to collaborate with Aditya Energy. They assist our small business in locating the greatest Transmission line Suppliers. ”
